Re: Post-Pre-Application Meeting NOFA Question and Answer Recap #8

.....

1. Is there any instruction for how the proposals should be bound (notebook, presentation folder, binder clip, etc.)?

No instructions were provided.

2. When you say "data in tables" (in Recap #7) can be single-spaced and in 10-point font, does that include the performance measures tables? With the two headline measures for the how much, how well, and is anyone better off, there is a similar concern about those tables taking up space.

Performance measures tables may also be single-spaced in 10-point font.

3. We noticed the numbering of the Strategic Goals in the NOFA and the Children's Cabinet 2015 Strategic Direction and Implementation Plan documents have the goals numbered the same way. However, there's a version of the Strategic Goals, used in the Technical Assistance Sessions that has Goal 1 and 2 in a different order. Would it be correct then, to reference Goals 1 through 4, with the same descriptor as in the NOFA?

There is no significance to the numbering of the Strategic Goals. Please refer to them by name to avoid any confusion.
