B. Deposits:

1. The Board will deposit all funds from the Office and the Children's Cabinet and those funds allocated to program(s) supported by the Office and/or the Children's Cabinet in an interest-bearing account that is either federally-insured or secured when such funds are not required to meet current expenses, with the exception of any federal funds which shall be handled in accordance with the appropriate federal guideline(s).

D. All proposed expenditures in the budget and actual expenditures will be attributed to the appropriate line item of the budget.

Subsection 50 - Cost Principles

A. Reasonable Costs:

1. A cost is reasonable if, in its nature and amount, it does not exceed that which would be incurred by a prudent person under the circumstances prevailing at the time the decision was made to incur the cost.
2. The question of reasonableness is particularly important when governmental units or components are predominately federally-funded.
3. In determining the reasonableness of a given cost, consideration should be given to:
 - a. Whether the cost is of a type generally recognized as ordinary and necessary for the operation of the Board and/or program/strategy;
 - b. The restraints or requirements imposed by such factors as: sound business practices; arm's length bargaining; federal, State and other laws and regulations; and terms and conditions of the award;
 - c. Market prices for comparable goods or services; and,
 - d. Whether the individuals concerned acted with prudence in the circumstances considering their responsibilities.

B. Direct Costs:

1. Direct costs are those that can be identified specifically with a particular final cost objective.
2. Typical direct costs chargeable to funding from the Office and/or Children's Cabinet include:
 - a. Compensation of employees for the time devoted and identified specifically to the performance of the funding;

- 1. Indirect costs are those incurred for a common or joint purpose benefiting more than one cost objective, and not readily assignable to the cost objectives specifically benefited, without effort disproportionate to the results achieved.
- 2. Indirect costs will not be identified in budgets and expenditure reports. All costs must be disaggregated and attributed to the appropriate line item of the budget.

D. Allowable Costs:

- 1. Allowable costs include, but are not limited to:
 - a. All reasonable direct costs associated with activities funded by the Office and/or Children’s Cabinet, except for any indirect costs and direct costs identified as unallowable costs listed in Section V, Subsection 10, Part E; and,

 - ii. The award of a bonus will be based on documented job performance, a written job appraisal or some other documented, measurable criteria and which is available to all employees within the same class.

Subsection 60 - Earned Reinvestment

- A. Earned reinvestment dollars were State General Funds that were “earned” through FY16 from administrative funds and interest income (except interest earned on federal funds, unless said interest does not have to revert to the federal government) in accordance with the provisions of the Manual.
- B. Effective July 1, 2017, no new earned reinvestment funds will be awarded to the Board and it is not necessary for the Board to obtain the Office’s approval prior to the expenditure of these funds or funds previously awarded as earned reinvestment in FY16 or a prior year.

- C. There are no reporting requirements for earned reinvestment funds effective July 1, 2017 regardless of when funds were awarded.
- D. All accumulated funds previously awarded as earned reinvestment should be transferred to the new Board when the jurisdiction changes the Local Management Board designation from one entity to another.

Subsection 70 - Reconciliation

- A. Reconciliation is a fiscal resolution of the Agreement, earned reinvestment funds for FY16 and earlier and applicable Grant Agreements pending audit and settlement, usually conducted at the termination of the award period or at the end of each fiscal year.
 - 1. The reconciliation operation is an arithmetic check of expenditures and incomes, a determination of net balances, and disposition of those balances.
 - 2. Reconciliation is a review of the award, the reported expenditures and incomes, and audited revenue and expenditures, subject to correction by the Office, on behalf of the Children's Cabinet.
- B. Funds not expended at the conclusion of fiscal year for the Agreement or the term of grant award will be returned to the Office and/or the Children's Cabinet Interagency Fund unless otherwise directed by the Office and/or the Children's Cabinet or a carry-forward, carry-over or no-cost extension is approved as applicable.
- C. The reconciliation of the Agreement and applicable Grant Agreements may involve resolving post-audit issues, as identified in audit, monitoring and reporting documents.
- D. Unbudgeted expenditures and over-expenditures in line items that have not been previously approved by the Office and/or the Children's Cabinet are subject to non-recognition.
- E. **Recognition of Expenditures and Income Subject to Audit:**
 - 1. All expenditures and income recognized for purposes of reconciliation, whether incurred in accordance with an approved budget or not, are subject to audit by the Office and/or the Children's Cabinet or its agent.
 - 2. Subsequent to identification as an audit exception, an expenditure may or may not be allowed in whole or in part by the Office and/or the Children's Cabinet as part of final settlement.
- F. **Findings:**
 - 1. The reconciliation process can conclude in several ways.
 - a. **Expenditures are Greater than Payments** - When the Board's expenditures

are greater than the payments from the Office and/or Children's Cabinet, the result is dependent on the relationship of the total of payments to the award as follows:

- i. When payments to the Board are less than or equal to the award, the difference between the Board's expenditures and payments to the Board is payable to the Board.
- ii. When payments to the Board are equal to the award, no money is payable to either party.
- iii. When payments to the Board are greater than the award, the difference between the payments and the award is payable to the Office and/or the Children's Cabinet.

b. Expenditures are Less than Payments - When the Board's expenditures are less than the payments from the Office and/or Children's Cabinet, the result is dependent on the relationship of the expenditures to the award as follows:

- i. When the Board's expenditures are less than or equal to the award, the difference between the total payments to the Board and the expenditures is payable to the Office and/or the Children's Cabinet.
- ii. When the Board's expenditures are greater than the award, the difference between the total payments to the Board and the award is payable to the Office and/or the Children's Cabinet.

c. Expenditures are Equal to Payments - When the Board's expenditures equal payments from the Office and/or Children's Cabinet to the Board, the result is dependent on the relationship of the payments to the award as follows:

- i. When payments to the Board are less than or equal to the award, no money is payable to either party.
- ii. When payments to the Board exceed the award, the difference between the total payments to the Board and the award is payable to the Office and/or the Children's Cabinet.

G. Disposition of Reconciliation:

1. Net balances due to the parties will be handled as follows:

- a. No balance payable - No action required.
- b. Balance payable to the Board:
 - i. The Office will instruct its fiscal agent to issue payment to the Board if there is no outstanding receivable for the Board.
- c. Balance payable to the Office/Children's Cabinet - A balance payable to the Office and/or the Children's Cabinet will be handled in one or more of the following ways:

- i. Account Receivable**
 - a)** An invoice will be issued to the Board upon completion of the reconciliation process.
 - b)** The Board shall remit payment as soon as is practical upon receipt of the invoice.
 - c)** If the organization has ceased to be a Local Management Board, an account receivable will be established and the organization that holds the funds shall be billed by the Office.
- ii. Carry-Over**
 - a)** If the Board continues to fund services, the amount due may be considered a cash advance (payment) of the following year's award.
 - b)** This is referred to as carry-over, and can only be initiated by the Office.
 - c)** The Office and/or the Children's Cabinet may invoke the carry-forward procedure concurrent with the reconciliation operation.
- iii. Carry-Forward**
 - a)** The Office and/or the Children's Cabinet may elect to permit the Board to utilize the balance due from one year in the following year's operations.
 - b)** This is referred to as carry-forward, and can only be initiated by the Office.
 - c)** The balance due will be re-awarded to the Board.
 - d)** The Board and/or the Children's Cabinet may invoke carry-forward procedures concurrent with the reconciliation operation.

- D.** It is recommended that the composition of the Board represent the ethnic and geographical diversity of each jurisdiction.
- E.** It is recommended that the Board review the by-laws at least every three (3) years to ensure that the by-laws are current and meet the needs of the Board and that the review is documented in an appendix of the by-laws.
- F.** It is recommended that the Board meet at least quarterly or four times per year.

Subsection 20 – By-Laws

- A.** It is recommended that the Board by-laws include/address the following, at a minimum:
- 1.** Statement of name;
 - 2.** Board mission/goal;
 - 3.** Function or purpose of the Board;
 - 4.** Identification of Board membership, including the number and composition of members, manner of appointment, length of term, procedure for vacancies, voting authority and process, and attendance requirements;

 - 8.** Committees;
 - 9.** Indemnification;
 - 10.** Identification of fiscal year;
 - 11.** Conflict of interest; and,
 - 12.** Process for enacting amendments.

Subsection 30 – Assessing Community Needs

- A.** It is recommended that the Board gather information from the community regarding current problems, community strengths, available programs, services and resources. This

information is crucial to the coordination of services within the jurisdiction to eliminate fragmentation and duplication in order to create an effective system of services, supports, and opportunities that improve outcomes for children, youth and families.

- B.** As part of the community planning process, it is recommended that the Board complete an assessment of community needs every three (3) years (or sooner, depending on local conditions) prior to developing/updating the community plan.
- C.** It is recommended that the assessment of community needs investigate all eight (8) child well-being Results and the associated Indicators.
 - 1.** For each indicator or baseline, including a historical part and a forecast part that show where the indicator is headed if nothing is done is preferred.
 - 2.** The Board should identify priority indicators from needs assessment(s) and obtain information about the causes and forces that are affecting each indicator.
- D.** It is recommended that the assessment of community needs include:
 - 1.** A review of data related to indicators;
 - 2.** A review of other relevant data;
 - 3.** Information from stakeholders and community partners; and
 - 4.** Community resource mapping, including:
 - a.** Services within the full continuum of care from all child-serving public and private agencies;
 - b.** Identification of community strengths; and,
 - c.** Identification of gaps in addressing results and indicators through a continuum of care.
- E.** The information obtained from the assessment of community needs should be used by the Board to identify which Results and Indicators to prioritize, and the causes and forces at work affecting the prioritized Indicators.
- F.** It is useful also to identify community strengths, resources, and assets that will help to address each of the prioritized Results and Indicators.

Subsection 40 – Community Plan

- A.** It is recommended that each Board develop a written community plan every three (3) years

(or sooner, depending on local conditions).

- B.** The community plan should follow the Results-Based Accountability format below and identify:
- 1.** One (1) or more of the eight (8) Child Well-Being Results that the Board has prioritized as most important to the jurisdiction.
 - 2.** One (1) or more of the primary Indicators for each prioritized Result that will be used to measure achievement.
 - 3.** The “Story Behind” for each of the selected Indicators that are headed in the wrong direction with an analysis of the causes and forces behind that movement.
 - 4.** Partners and their input. Partners may be different for each prioritized Result.
 - 5.** What Works to “Turn the Curve”, including evidence-based, best and promising practices, and other strategies that have been proven successful or have the potential to improve the primary Indicators.
 - 6.** Prioritized strategies that are determined by consideration of:
 - a.** Specificity - Is the strategy specific enough to be implementable?
 - b.** Leverage - Does the strategy have a high degree of leverage to “turn the curve”?
 - c.** Values - Does the strategy meet the Board’s organizational and the community’s values?
 - d.** Reach - Is it practical for the Board to implement this strategy? Is the strategy sustainable over a long period of time? Is it feasible and affordable?
 - e.** Funding sources for each of the prioritized strategies.

Subsection 50 – Community Engagement

- A.** A Board may participate in community engagement activities to:
- 1.** Increase the number of stakeholders, program consumers, family members, and agency and other partners who are committed to take actions that will identify, promote, and support the needs of children, youth, and families in the State; and,

2. Direct the jurisdiction to support an interagency approach to better the lives of children and families.
- B. Community engagement activities include, but are not limited to:**
1. Roundtable Events;
 2. Awards and Other Recognition;
 3. Sponsorship of events and other activities that directly impact prioritized Results and Indicators; and,
 4. Training.

Subsection 60 - Local Access Mechanism

A. Program Recommendations:

1. There is no State entitlement for a Local Access Mechanism or to any services listed in this Subsection.
2. Information in resource databases and directories developed, maintained and implemented with funding from the Office and/or Children's Cabinet should be shared with entities as directed by the Office and/or the Children's Cabinet.

B. Models:

1. The following Local Access Mechanism models are recommended for implementation with funding from the Office and/or the Children's Cabinet:
 - a. Single Point of Access:
 - i. A Single Point of Access is the one point of entry for families who wish to enter the system, regardless of the intensity of the needs of their children.
 - ii. A Single Point of Access provides a pathway for families in the navigation of the service delivery system. Examples include:
 - a) A web-based resource guide.
 - b) A 211 hotline number.
 - c) Another hotline operating within the community.
 - b. "No Wrong Door" Model:
 - i. Under a "no wrong door" model, families become known to the Local Access Mechanism through an array of existing services and agencies.
 - ii. Existing points of access continue to serve children and families, while directing them to the Local Access Mechanism when appropriate.

- c. Hybrid Model:
 - i. In the hybrid model, the Board elects to combine elements of the two models above.
 - ii. The Board may propose to maximize access to local services by funding both a centralized information and referral source (such as the 211 number – principally for families not involved with existing organizations or agencies) *and* points of access through existing services (for families already involved with or seeking categorical services for the first time).
- d. Another model approved by the Office and/or the Children’s Cabinet.

C. Functions of the Local Access Mechanism:

1. At a minimum, the Local Access Mechanism should provide the following functions:
 - a. Information and Referral:
 - i. The first point of contact within the Local Access Mechanism.
 - ii. During that first contact, an information and referral specialist should ask preliminary questions and determine if the child or family is in a crisis situation that requires immediate attention by the police, a crisis response unit, hospital or other medical professional.
 - iii. There is a mechanism in place that will ensure that the family is connected with the appropriate crisis response system.
 - b. Screening to determine a family’s level of need and make the appropriate referral.
 - i. Screening does not constitute clinical evaluation or diagnosis.
 - ii. Families requiring clinical evaluation should be referred to appropriate child-serving agencies, organizations, or appropriately credentialed professionals.
 - iii. Some level of intervention may occur at this point if the individual or family is not willing to obtain the necessary level of service.
 - iv. There are two (2) levels to screening, which may be done at the same time or in two (2) distinct phases:
 - a) A screening to determine if assistance beyond information and referral is needed, including crisis intervention.
 - b) A next level of screening if it is determined that the caller’s needs exceed simple information and referral, such as when a specific problem is presented.
 - v. This screening should generate more detailed information concerning the families’ strengths, needs, previous and current use of services, and other information that is needed to best address the individual or family’s expressed concerns or problems.
 - a) At this stage, there is a fuller identification of needs and concerns than at the first contact (although it is recognized

that this screening may occur during the same encounter as the first contact).

- c. Assessment:
 - i. Assessment is used to identify strengths, resources and needs and to obtain information for measuring client results.
 - ii. An appropriate instrument shall be used to assist in the planning of non-clinical services for children and adolescents and their families, as well as to provide information for quality assurance monitoring.

D. Navigation:

- 1. Navigation is for those families who need additional assistance beyond a simple referral.
- 2. A Board funding the navigation component should ensure that the family is:
 - a. Assisted with identifying strengths and needs and obtaining necessary services.
 - b. Appropriately screened and assessed by asking specific questions about current health conditions, recent family stresses, and other more detailed information.
 - i. This screening is not, however, at the level of a clinical evaluation.
 - ii. Families requiring clinical evaluation or diagnosis should be referred to the appropriate child-serving agency, organization or an appropriately credentialed professional.
- 3. Staff:
 - a. The position that provides navigation services may be filled by:
 - i. A family member with lived experience in the human services system and who has experience in accessing these services (Family Navigator); and/or,
 - ii. Another appropriately-trained professional or paraprofessional without lived experience in the human services system (System Navigator).
- 4. Training:
 - a. Navigators should complete training that will prepare navigators for their role and responsibilities.
 - b. In addition to learning about system services and access:
 - i. Family navigators may receive training to prepare them for their unique dual role as family member and family navigator; and
 - ii. System navigators may receive heightened training on family experiences and concerns.

5. Secondary screening:
 - a. Navigators may provide the second level of screening in a Local Access Mechanism and may complete a strengths and needs assessment with the family.
 - b. Navigators do not provide clinical evaluation.
 - c. Families requiring clinical evaluation or diagnosis should be referred to the appropriate child-serving agency, organization or an appropriately credentialed professional.

E. Child and Adolescent Needs and Strengths (CANS) Tool:

1. Function and Purpose:
 - a. The primary function of the tool is to provide information that will be helpful in care planning and to provide information for outcome measurement and quality assurance.
 - b. The tool is not intended to determine level of care or to prescribe treatment.
2. Use:
 - a. The use of the tool is recommended, as applicable, if the navigation model includes the development of a plan of care with the youth and family.
 - b. An abbreviated version of the tool (in place of the Comprehensive assessment) may be implemented for navigation.

Subsection 60 – Out-of-School Time Programs

A. Recommended Operating Schedule:

1. Programs that serve elementary and middle school students should operate a minimum of two (2) hours per day, for three (3) to five (5) days a week for 12 to 24 weeks during the school year.
2. Programs that serve high school students should operate a minimum of two (2) hours per day, for two (2) to five (5) days a week for 12 to 24 weeks during the school year.
3. Summer programs should operate a minimum of six (6) hours per day, for five (5) days per week for a minimum of four (4) weeks.

B. Recommended Program Design:

1. Programs should incorporate the following core components:
 - a. Time for homework completion with support (during the school year);
 - b. Nutritious snack and/or meals:
 - i. Programs should participate in (State and/or) federal nutrition programs, as applicable.
 - c. Recreation and physical activity of at least thirty (30) minutes for every three (3) hours of programming.
 - d. Intentional and/or project-based learning that:
 - i. Utilizes research-based curricula for academic instruction;
