Purpose

The Maryland Youth Advisory Council (MYAC) was established through the State legislature in order to ensure that Maryland youth are given the opportunity to provide feedback and recommendations regarding public policies and programs that affect their future and to take a leadership role in creating meaningful change. MYAC members are appointed by the Governor, the President of the Senate, the Speaker of the House of Delegates, the Maryland Association of Student Councils, University System of Maryland Student Council, and the Maryland Higher Education Commission Student Advisory Council. All youth members must be 14-22 years of age, serve a one year term (September 1 - August 30), and cannot serve more than two consecutive terms.

As outlined in the parent bill, MYAC:
- Holds at least four meetings a year;
- Holds at least one public meeting on issues of importance to youth;
- Recommends one legislative proposal;
- Provides testimony before legislative bodies on youth issues;
- Conducts a public awareness campaign to raise awareness about the Council among Maryland youth; and
- Provides an annual report to the Governor and the General Assembly.

While MYAC did not propose a specific legislative policy change to the General Assembly this year, the Council submitted written and oral testimony on several bills that were introduced during the legislative session that the Council believed to be important. Council members also participated in a meeting regarding online learning for the Maryland Advisory Council for Virtual Learning.

Application Process and Outreach

2013-2014 Term

The application (Appendix I) for the Maryland Youth Advisory Council was available online on the Governor’s Office for Children (GOC) website beginning May 1, 2013 to July 1, 2013. The application was also sent to appointing bodies, the Maryland Children’s Cabinet, and other agencies and organizations working with youth. To apply for the Council, applicants were required to submit a completed application, one letter of recommendation, and a resume. GOC received 82 applications from 14 counties and 56 schools.

GOC staff review applications and submit recommendations to each appointing body for approval. The President of the Senate and the Speaker of the House reviewed applications submitted and recommended by legislators in addition to the GOC recommendations.

The 2013-14 Council was composed of 46 members representing 13 counties and 37 schools; of the 46 members, 14 were returning second-year members, and 32 were first-year members.

2014-2015 Term

The revised application (Appendix II) for the Maryland Youth Advisory Council was available online on the Governor’s Office for Children website beginning April 1, 214 to July 1, 2014. This year the Council expanded application outreach presented to numerous organizations to increase awareness of the Council
and encourage a more diverse pool of applicants. Christina Drushel Williams and Michael Hawkins presented at the following meetings:

- Local Management Board Meeting – March 4, 2014
- Student Advisory Council to the Maryland Higher Education Commission – March 8, 2014
- University System of Maryland Student Council – March 9, 2014
- Department of Human Resources Quarterly Providers Meeting – April 10 and 17, 2014
- Department of Human Resources State Youth Advisory Board Meeting – April 16, 2014
- Maryland Association of Student Council Executive Board Meeting – May 13, 2014
- The Greater Cumberland Committee – May 15, 2014
- Department of Juvenile Services Quarterly Providers Meeting – May 16, 2014

A copy of the presentation slides can be found in Appendix III

GOC received 70 applications from 18 counties and 56 schools. The 2014 – 2015 Council will be composed of 52 members (at the submission of this report, three member have yet to be appointed by MHEC) representing 16 counties and 36 schools; of the 52 members, 9 are returning second-year members, and 43 are first-year members.

**Council Meetings**

The statute that establishes MYAC requires the Council to meet at least four times each year and each meeting must be open to the public. The Council hosted five meetings and a Public Forum. The meetings were held on Saturdays from either 1:00 pm to 4:00 pm or 1:30 pm to 4:30 pm at various Baltimore County library locations. The library locations were selected because of their accessibility to the council and members of the public. All meeting dates, times, and locations were available on the GOC website and meeting materials were also posted on the website before and after meetings.

**Meeting #1: Saturday, September 7, 2013 (1 p.m. – 4 p.m.), Arbutus Library, 855 Sulphur Spring Road, Arbutus, MD 21227**

During the first meeting, the Council reviewed its roles and responsibilities, discussed past Council’s legislative priorities, and voted on leadership positions. The Council also formed an Executive Board, and two committees, Legislative and Public Awareness, both of which were asked to establish a means of communication within the committee. The council members were asked to think about a focus for the year that will drive the Council’s legislative actions.

**Meeting #2: Saturday, October 26, 2013 (1 p.m. – 4 p.m.), Arbutus Library, 855 Sulphur Spring Road, Arbutus, MD 21227**

Dennis Teegardin from the Office of Delegate Kirill Reznik attended the meeting to discuss the “Pay it Forward, Pay it Back” bill (HB853) with the Council. The bill sought to make college education more accessible for all Maryland citizens. The Council also discussed the legislative priority for the year. The Council narrowed its choices to driver’s education in school, technology, life skills (college and career readiness), and voting issues. Life skills (college and career readiness) was selected to be the issue of focus for the year, with the concentration on what schools do, and to what degree, to prepare students for a career or college after high school. Council members were asked to think about how to approach this focus for the next meeting (i.e. legislatively, through school boards, etc.).
Jenny Bonilla Moreno from The Forum for Youth Investment, a national nonprofit dedicated to helping states and communities ensure all young people are Ready by 21—ready for college, work, and life—visited MYAC during the third meeting of the year. In Maryland, Governor Martin O’Malley outlined sixteen strategic administration goals, two of which are related to college and career readiness. The Education Goal seeks to improve student achievement in school, college, and career readiness by 25% by the end of 2015 and is “On Track.” The Skills Goal seeks to increase the number of Marylanders who receive skills training by 20% by the end of 2018 and is “In Progress”. The Council reviewed and discussed Credentialed by 26, state policy recommendations which the council decided to use as a starting block to further its exploration of life readiness. This led to a brief discussion about where Maryland schools are in the context of Credentialed by 26. The Council also decided to submit opposition testimony for Senate Bill 194 which would remove the voting rights of the Anne Arundel County Student Member on the Board of Education (SMOB). Finally, the Council members were asked to look out for bills that pertain to the yearly focus.

The fourth meeting was focused almost exclusively on legislative updates. The meeting’s first order of business was to elect a new Vice Chair due to the departure of Vice Chair Kamar Perkins. The Council confirmed Breana Echols as the new Vice Chair. Then, the Council proceeded to discuss relevant bills in the Maryland legislature:

- SB 194 - restricted the Anne Arundel County Student Member of the Board Voting Rights. The Council submitted a letter of opposition and provided testimony during the hearing.
- HB 853/SB 626, Pay It Forward Study Bill - aimed at public schools and community college to see if the Pay It Forward program is feasible, was presented by Dennis Teegardin from the Office of Delegate Reznik. The Council voted to submit a letter of support for this bill.
- HB 1324 (Maryland Youth Employment Act of 2014) - upon calling Delegate Alonzo Washington and discussing the bill the Council did not support the bill and took no action.
- HB 885 - sought to give students a tax break on their student loans, was considered, to which the council decided to endorse with a letter of support.
- HB 18 - aimed to place a student resource officer in each school in the state, was, upon discussion. The Council did not support this bill and took no action.
- H.J. Resolution 68 - supported the establishment of the Presidential Youth Council, to which the Council decided to wait until a representative of the bill could talk with members before making a concrete decision of support.

In conclusion, council members were asked to be aware of MYAC presentations and bill hearings in which they were asked to participate.

Christine Evans Johnson from the Maryland Department of Health and Mental Hygiene came to talk to the Council about adolescent health. After a presentation that featured an overview of the Federal Title V Grant and the Federal Title X Grant, Johnson discussed Maryland’s Adolescent Sexual Health Programs and Goals, including abstinence education and family planning service for teens and young adults. The Council then proceeded to discuss legislative updates and MYAC presentation updates. Afterwards, the Council reviewed the application to be a member and amended a few questions on the existing MYAC
application. Following this, the legislative committee and public relations committee convened. The legislative committee planned the Public Forum and discussed ways to poll students regarding life readiness. The public awareness committee decided upon which channels the Forum should be advertised and the means to do so. This was the final meeting of the 2013-2014 MYAC year.

(See Appendix IV for meeting minutes)

**Legislative Priority Selection Process**

Selecting a legislative priority was an important first step for the Council because it would be the center of focus and work for the rest of the year. Council members were asked to examine several critical problems they felt young adults faced today, such as financial literacy and access to education. Jenny Bonilla Moreno from The Forum for Youth Investment, a national nonprofit, and Dennis Teegardin from the Office of Delegate Krill Reznik spoke to the council about Ready by 21 and the Pay It Forward bill, respectively to give the Council some ideas on where to place its focus.

After narrowing down a few topics, members were encouraged to examine and explore probable ways to work towards resolving those problems in order to narrow down the choices, including Driver’s Ed in school, technology, and life and college readiness, and voting issues. Discussion on each of the topics and a vote led the council to select Life skills – college and career readiness as the legislative priority.

Following the decision to focus on life and college readiness, council members spent two meetings deciding on ways to work on improving and learning about life and college readiness in Maryland. Among the considered approaches was a report, a curriculum, a website, and an index for guidance counselors. Jenny Bonilla Moreno explained to the council about how a report with information from a student or young adult’s point of view would be helpful to legislators. Council members found more information was needed to set a benchmark on where Maryland stood in terms of college and life readiness for guidance counselors, college admissions counselors, and legislators. Based on the need for more comprehensive information from students and young adults, the council decided to make a report.

**2014 Public Forum**

Each year, the Council conducts a public forum in which Council members, panel speakers, and guests are encouraged to discuss a current issue important to Maryland youth. During the 2013-14 year, the Council focused on the topic of Life Skills, College and Career Readiness. The 2014 Public Forum was held on Saturday, May 31, 2014 at the Community College of Baltimore County – Catonsville Campus.

Opening remarks were given by the Youth Co-Chair Diane D’Costa. The remarks included a brief summary of the history and establishment of the Council, as well as a couple notes on current Career and College Readiness in Maryland. The opening panel participants included:

- **Jenny Bonilla Moreno**, Policy Associate, Forum for Youth Investment
- **Pat Mikos**, Program Manager, Division of Career and College Readiness, Maryland State Department of Education

**Workshop I**

The first workshop was led by Jonaye Ford, the Vice-President of Education & Outreach, Junior Achievement of Central Maryland. The workshop focused on financial literacy, and ethics of the workplace/professional life. Ms. Ford asked difficult questions such as, “Would you fire an employee that
has shown up 15 minutes late for work every day of the week?” The workshop helped attendees to understand the implications of starting up a business, as well as financial aspects of everyday life.

**Workshop II**

Afterwards, attendees had a choice of attending one of two workshops. The Job Skills workshop led by Tracy Queen, Early Intervention Facilitator, Division of Workforce Development and Adult Learning, Maryland Department of Labor, Licensing, and Regulation or the College Access workshop led by Jerome Cole, Assistant Head of Upper School for College Counseling, Sandy Spring Friends Schools.

When surveyed, the Job Skills workshop was given an average of 5/5. The workshop provided attendees information on how to make a resume/cover letter, how to be tech-savvy when it comes to professional life, as well as how to put oneself out there so that employers can find you. When surveyed, the College Access workshop was given an average of 4.83. Other survey results included

- Usefulness of public forum: 4.47,
- Expectations met: 85%,
- Overall satisfaction: 4.57, and
- Satisfaction of Financial Literacy Workshop: 3.87.

This data leads the Council to conclude that the Public Forum was a successful event in which attendees gained insightful knowledge, about financial literacy, college access, or job skills.

(See Appendix V for Public Forum Materials)

**Improvements for 2014-15 Council Year**

**The Council’s focus was broad**

Life skills – college and career readiness was a relatively broad topic, which is why the Council had difficulty determining how to approach the issue. However, this equipped the Council with the power to continue work on their issue throughout the term instead of reaching a halt after a sole bill pertaining to its work failed. Hence, overall productivity was higher during the year.

*Suggestion:* Encourage incoming members to pick a “theme” versus a “focus” to allow the Council to address a wider array of legislation. If a narrow “focus” is selected, Members should also consider creating a back-up plan of other topics or bills they would like to address during their tenure.

**Lack of access to informative materials pertaining to the Council’s work**

Many of the attendees of the Public Forum noted that they felt ill-informed regarding many facets of life and college readiness. On the contrary, Council Members received many brief informative materials pertaining to the field of focus from both guest speakers and the Co-Chairs.

*Suggestion:* Throughout the year, upload the documents to the Council’s website and social media pages. Consult the Public Relations Committee, once established, to discuss other ways in which this information could be shared with students.
No established procedures regarding replacement of Officers

In February 2014, Vice Chair Kamar Perkins resigned from the Council. Due to no established procedure in the case of resignation of an officer, Co-Chair Diane D’Costa appointed Breana Echols to the vacancy. This appointment was confirmed by the Council at the next meeting.

*Suggestion:* Given that the appointment procedures posed no opposition by Council Members, it is recommended that such a process be repeated, if necessary, in the future.

Committees often had little time to meet

Due to the Council’s busy agenda, particularly during legislative session, the committee’s delegated time was often shortened to discuss other matters. In effect, committees had to handle many of their responsibilities outside of meetings.

*Suggestion:* Prompt chairs of committees to establish discussion priorities prior to meetings, particularly during legislative session.

**Improvements for 2015 Public Forum**

**Attendance**

The Public Forum was held on Saturday, May 31, 2014, with a total of 36 attendees, including 19 MYAC members and staff, 6 presenters, and 11 other attendees. In the future, MYAC would like to have higher attendance from people outside of the Council by better promoting the Forum.

*Suggestions:*

- **Promotion on Social Media:** MYAC should make it a priority to promote the Forum on social media in order to distribute information to a wide audience. MYAC members could create a Facebook event to advertise the Forum and post information about the Forum on Facebook or Twitter.
- **Greater Use of Flyers:** MYAC members should use more flyers to promote the event. Members can post flyers at local high schools and colleges to encourage students to attend the event. An electronic version of the flyer can also be used as a simple way to promote the event through e-mail or social media.
- **Length of Promotion:** MYAC should begin promoting the Forum at least one month in advance. This will allow more time for the Forum to gain publicity and increase the number of people who are available for the event.
- **Promotion Goals:** MYAC should establish a set number of people that each Council member must invite. Each member should also be required to distribute a certain number of flyers in their county. This will help increase attendance from more different counties in the state.

**Interaction**

While the panel and workshops were informative and engaging, there were not enough opportunities for MYAC members and other attendees to interact and discuss issues related to Life Skills –College and Career Readiness.
Suggestions:

- **Small group discussions**: The Forum should include discussions in smaller groups that include MYAC members and other attendees. It would also be beneficial for the members of each group to change between discussions. This would allow attendees to speak with more people and hear more perspectives on the topic.

- **Social Media**: MYAC should better use social media during the Forum, such as live Tweeting or live broadcasting, to involve those unable to attend. A larger group of people would be able to join the discussion and contribute their ideas.

**Recommendations for the Topic of Life Skills, College and Career Readiness**

The Council spent multiple meetings narrowing down its legislative topic and in October reached a consensus that it would focus on college and career readiness. This subject became the focus of our annual public forum, meetings with guest speakers, and legislative bills that we as a Council chose to support or oppose.

If the Council is to retain the 2013-2014 topic of college and career readiness, it must focus its limited time and resources on specific actions that can make a significant difference to Maryland youth. This topic is extremely important to our future, and in order for progress to be made, the broad topic must be narrowed down and action must be taken.

The best way for the Council to efficiently create a specific focus within the topic of college and career readiness will be to draft and disseminate a survey to a sample of Maryland youth, addressing their concerns about the transition from high school to a career or higher education. Some topics that could be covered in the survey might be resume building, college applications, job interviews, etc. Once the results are in, the Council can assess the needs of its constituency, and address them through a proposed piece of legislation to the General Assembly, college and career readiness information booklets for students, and the annual public forum.

2014 Public Forum Invitation Letter

The Maryland Youth Advisory Council (MYAC) is pleased to invite you to our Public Forum on Saturday, May 31, 2014 from 11:00 a.m. - 2:00 p.m. at the Community College of Baltimore County at Catonsville in the Health Careers & Technology Building located at 800 South Rolling Road, Catonsville, MD 21228.

Maryland Youth Advisory Council was established through the Maryland General Assembly to ensure that Maryland youth are given the opportunity to provide feedback and recommendations regarding public policies and programs that affect their future and to take a leadership role in creating meaningful change. By providing testimony in Annapolis and policy recommendations, council members have the opportunity to raise their voices and share their experiences with the Governor, State legislature, agencies, and other youth.

Each year MYAC selects a legislative priority of importance to youth. The legislative priority chosen by MYAC for the 2013-2014 term is Life Skills, College and Career Readiness. The Public Forum will feature a panel discussion about what is currently happening on the national, state and local level as well as workshops on college search and applications, job search skills, financial literacy, and civic engagement.

Lunch will be provided and free parking is available in Lot #5.

Please register for this event online at https://www.eventbrite.com/e/maryland-youth-advisory-council-2014-public-forum-tickets-11570519633.
